

Pedestrian Traffic Lights for Narrow Walkways

Features

- Small Compact Design
- Easy Installation
- Adjustable Count Down Timers
- Social Distancing Prompts
- Plug & Play Light Beacon

Adjustable Count Down Timers

- Easily adjust the amount of allowed walk, times to suit your needs.

Plug & Play Light Beacon

- Remote signaling beacon that can be easily installed in your desired location.

Optional Sensors

- Sensors can be fitted to detect when people are waiting, allowing priority change of which side can go. This also allows for monitoring of social distancing, prompting a reminder to those walking too close to each other.
